Savings could be anywhere from \$75-\$225 per month on an existing vehicle loan with another bank or credit union.</p> <p>Sounds too good to be true, doesn’t it? WELL, IT’S NOT! These are genuine savings that we are passing on to lucky ticket holders in our communities. Think for a moment -- \$75 to \$225 less to pay on a car loan could equal savings of \$900 to \$2700 per year!</p> <p>We are now giving ALL members a chance to take advantage of this special. Simply inquire about the “Drive Down” special by calling either office or by completing an on-line application at www.financialpartnersfcu.org. We can pre-qualify you that same day so you can start “speeding up your savings.”</p>
